

**FUNCTIONALITY + COMPLIANCE**

# PVC EDGE BANDING MANUFACTURER

EXTRUSION SHEET & STRAP

## AVIENT SOLUTION

ColorMatrix™ Liquid Color Concentrates

## WHY AVIENT

- Achieved the optimal flowability of liquid white and liquid orange, ensuring consistent color through suitable mixing with other colorants
- Ensured lot-to-lot consistency with DE value of less than 0.5
- Supported customers in achieving stable and high-quality coloration during their PVC processing

**LEARN MORE**

## KEY REQUIREMENTS

- Standard colorant for internal color matching in PVC sheet applications
- Manufactured with phthalate-free plasticizer
- Good thermal stability and compatibility with PVC resin for a wide range of color index choices
- Compliance with heavy metal-free and RoHS regulations
