### 2. COMPOSITION/INFORMATION ON REGULATED INGREDIENTS

| Components       | CAS-No.    | Weight % |
|------------------|------------|----------|
| Titanium dioxide | 13463-67-7 | 5 - 10   |

### 3. HAZARDS IDENTIFICATION

### **EMERGENCY OVERVIEW**

This mixture has not been evaluated as a whole. Information provided on the health effects of this product is based on individual components. All ingredients are bound and potential for hazardous exposure as shipped is minimal. However, some vapors may be released upon heating and the end-user (fabricator) must take the necessary precautions (mechanical ventilation, respiratory protection, etc.) to protect employees from exposure.

### POTENTIAL HEALTH EFFECTS

| Routes of Exposure:                           | : Inhalation, Ingestion, Skin contact                                                                                                                                                                                             |
|-----------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Acute exposure                                |                                                                                                                                                                                                                                   |
| Inhalation<br>Ingestion<br>Eyes               | <ul> <li>Resin particles, like other inert materials, can be mechanically irritating.</li> <li>May be harmful if swallowed.</li> <li>Resin particles, like other inert materials, are mechanically irritating to eyes.</li> </ul> |
| Skin                                          | : Experience shows no unusual dermatitis hazard from routine handling.                                                                                                                                                            |
| Chronic exposure                              | : Refer to Section 11 for Toxicological Information.                                                                                                                                                                              |
| Medical Conditions<br>Aggravated by Exposure: | : None known.                                                                                                                                                                                                                     |

# MATERIAL SAFETY DATA SHEET **YELLOW GOLD**

Version Number 1.0 Revision Date 04/01/2005 Page 2 of 6 Print Date 11/17/2011

| Inhalation                                                                                                                     | : Move to fresh air in case of accidental inhalation of fumes from overheating or combustion. When symptoms persist or in all cases doubt seek medical advice.                                                                              |
|--------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Ingestion                                                                                                                      | : Do not induce vomiting without medical advice. When symptoms persist or in all cases of doubt seek medical advice.                                                                                                                        |
| Eyes                                                                                                                           | : Rinse immediately with plenty of water, also under the eyelids, for least 15 minutes. If eye irritation persists, seek medical attention.                                                                                                 |
| Skin                                                                                                                           | : Wash off with soap and plenty of water. If skin irritation persists se medical attention.                                                                                                                                                 |
|                                                                                                                                | 5. FIRE-FIGHTING MEASURES                                                                                                                                                                                                                   |

## MATERIAL SAFETY DATA SHEET YELLOW GOLD

#### Version Number 1.0 Revision Date 04/01/2005

Page 4 of 6 Print Date 11/17/2011

Hazardous decomposition products

: Carbon dioxide (CO2), carbon monoxide (CO), oxides of nitrogen (NOx), other hazardous materials, and smoke are all possible.

### **11. TOXICOLOGICAL INFORMATION**

This mixture has not been evaluated as a whole for health effects. Exposure effects listed are based on existing health data for the individual components which comprise the mixture.

**Toxicity Overview** 

This product contains the following components which in their pure form have the following characteristics:

| CAS-No.                          | Chemical Name                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 | Effect                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    | Target Organ        |  |  |  |
