#### 1. PRODUCT AND COMPANY IDENTIFICATION

#### POLYONE CORPORATION 8155 Cobb Center Drive, Kennesaw, GA 30152

| Telephone<br>Emergency telephone | : | Product Stewardship (770) 590-3500 x.3563<br>CHEMTREC 1-800-424-9300 (24hrs for spill, leak, fire, exposure<br>or accident). |
|----------------------------------|---|--|
| Product name                     | : | M3343 BLUE   |
| Product code                     | : | FO20021003   |
| Chemical Name                    | : | Mixture  |
| CAS-No.                          | : | Mixture  |
| Product Use                      | : | Industrial Applications  |

### 2. COMPOSITION/INFORMATION ON REGULATED INGREDIENTS

| Components          | CAS-No.    | Weight % |
|---------------------|------------|----------|
| Carbon black        | 1333-86-4  | 0.1 - 1  |
| Quartz              | 14808-60-7 | 0.1 - 1  |
| Calcium oxide       | 1305-78-8  | 1 - 5    |
| Magnesium carbonate | 546-93-0   | 1 - 5    |
| Calcium carbonate   | 1317-65-3  | 10 - 30  |

#### **3. HAZARDS IDENTIFICATION**

#### **EMERGENCY OVERVIEW**

This mixture has not been evaluated as a whole for health effects. Information provided on health effects of this product is based on the individual components. However, some vapors or contaminants may be released upon heating and the end-user (fabricator) must take the necessary precautions (mechanical ventilation, respiratory protection, etc.) to protect employees from exposure. See sections 8 and 11 for special precautions.

#### POTENTIAL HEALTH EFFECTS

| <b>Routes of Exposure:</b> | : Inhalation, Skin contact, Ingestion  |
|----------------------------|--|
| Acute exposure             |  |
| Inhalation                 | : Inhalation of airborne droplets may cause irritation of the respiratory tract. |
| Ingestion                  | : May be harmful if swallowed.   |
| Eyes                       | : May cause eye and skin irritation.   |
| Skin                       | : Experience shows no unusual dermatitis hazard from routine handling.           |

Version Number 1.1 Revision Date 04/17/2009 Page 2 of 8 Print Date 1/7/2012

| Medical Conditions  : None known.    Aggravated by Exposure: |  |  |  |  |
|--|--|--|--|--|
|  | 4. FIRST AID MEASURES  |  |  |  |
| Inhalation   | : Move to fresh air in case of accidental inhalation of fumes from overheating or combustion. When symptoms persist or in all cases doubt seek medical advice.   |  |  |  |
| Ingestion  | : Do not induce vomiting without medical advice. When symptoms persist or in all cases of doubt seek medical advice.   |  |  |  |
| Eyes   | : Rinse immediately with plenty of water for at least 15 minutes. If e irritation persists, seek medical attention.  |  |  |  |
| Skin   | : Wash off with soap and plenty of water. If skin irritation persists seek medical attention.  |  |  |  |
|  | 5. FIRE-FIGHTING MEASURES  |  |  |  |
| Flash point  | : No data available  |  |  |  |
| Flammable Limits<br>Upper explosion limit                    | : No data available  |  |  |  |
| Lower explosion limit  | : No data available  |  |  |  |
| Autoignition temperature<br>Suitable extinguishing media     | <ul><li>Not applicable</li><li>Carbon dioxide blanket, Water spray, Dry powder, Foam.</li></ul>  |  |  |  |
| Special Fire Fighting<br>Procedures                          | : Fullface self-contained breathing apparatus (SCBA) used in positive pressure mode should be worn to prevent inhalation of airborne contaminants.   |  |  |  |
| Unusual Fire/Explosion<br>Hazards                            | : May emit Hydrogen Chloride (HCl) or Carbon Monoxide (CO) und fire conditions. Carbon dioxide (CO2), carbon monoxide (CO), oxides of nitrogen (NOx), other hazardous materials, and smoke are all possible.                               |  |  |  |
|  | 6. ACCIDENTAL RELEASE MEASURES   |  |  |  |
| Personal precautions   | : Wear appropriate personal protection during cleanup, such as impervious gloves, boots and coveralls.   |  |  |  |
| Environmental precautions                                    | : The product should not be allowed to enter drains, water courses or the soil. Should not be released into the environment.   |  |  |  |
| Methods for cleaning up                                      | : Soak up with inert absorbent material (e.g. sand, silica gel, acid<br>binder, universal binder, sawdust). Package all material in<br>appropriate container for disposal. Refer to Section 13 of this MSD<br>for proper disposal methods. |  |  |  |

|------------------------|---|---|
|                        |   | with acetal homopolymers and acetal copolymers during processing.   |
|                        |   |   |

| Hazardous decomposition products | : | Carbon dioxide (CO2), carbon monoxide (CO), oxides of nitrogen (NOx), hydrogen chloride (HCl), other hazardous materials, and smoke are all possible. Prolonged heating may result in product degradation. As a general rule of thumb, degradation begins to occur after one hour at 177 °C ( $350$ °F), after 10 minutes at 204 °C ( $400$ °F), and within 5 minutes at 232 °C ( $450$ °F). |
|----------------------------------|---|--|
|                                  |   |  |

### **11. TOXICOLOGICAL INFORMATION**

This mixture has not been evaluated as a whole for health effects. Exposure effects listed are based on existing health data for the individual components which comprise the mixture.

Hazardous Polymerization

<u>Toxicity Overview</u> This product contains the following components which in their pure form have the following characteristics:

| CAS-No.    | Chemical Name | Effect           | Target Organ              |
|------------|---------------|------------------|---------------------------|
| 1333-86-4  | Carbon black  | Systemic effects | Eyes, Respiratory system. |
| 14808-60-7 | Quartz        | Systemic effects | Eyes, Respiratory system. |
| 1305-78-8  | Calcium oxide | Irritant         | Skin.                     |
|            |               | Systemic effects | Eyes, Skin, Respiratory   |
|            |               |                  | system.                   |

# MATERIAL SAFETY DATA SHEET **M3343 BLUE**

|           |                     | Corrosive        | Skin.                   |
|-----------|---------------------|------------------|-------------------------|
| 546-93-0  | Magnesium carbonate | Irritant         | Skin.                   |
|           |                     | Systemic effects | Eyes, Skin, Respiratory |
|           |                     |                  | system.                 |
| 1317-65-3 | Calcium carbonate   | Irritant         | Eyes, Skin.             |
|           |                     | Systemic effects | Eyes, Skin, Respiratory |
|           |                     |                  | system.                 |

LC50 / LD50

This product contains the following components which, in their pure form, have the following toxicity data:

| CAS-No.   | Chemical Name | Route       | Value         | Species |
|-----------|---------------|-------------|---------------|---------|
| 1333-86-4 | Carbon black  | Oral LD50   | >15,400 mg/kg | rat     |
|           |               | Dermal LD50 | > 3 gm/kg     | rabbit  |

Carcinogenicity

This product contains the following components which, in their pure form, have the following carcinogenicity data:

| CAS-No.    | Chemical Name | OSHA | IARC | NTP |
|------------|---------------|------|------|-----|
| 1333-86-4  | Carbon black  | no   | 2B   | no  |
| 14808-60-7 | Quartz        | no   | 1    | no  |

IARC Carcinogen Classifications:

1 - The component is carcinogenic to humans.

2A - The component is probably carcinogenic to humans.

2B - The component is possibly carcinogenic to humans.

NTP Carcinogen Classifications:

1 - The component is known to be a human carcinogen.

2 - The component is reasonably anticipated to be a human carcinogen.

#### **Additional Health Hazard Information:**

Carbon black 1333-86-4 Carcinogenicity: Many inhalation toxicologists believe that the tumor response observed in the referenced rat studies is species specific and does not correlate to human exposure. However, the IARC evaluation in Monograph Volume 65, issued in April 1996 concluded that, "There is sufficient evidence in experimental animals for the carcinogenicity of carbon black". Based on this evaluation, along with their evaluation of inadequate evidence of carcinogenicity in humans, IARC's overall evaluation is that "Carbon Black is possibly carcinogenic to humans (Group 2B). The IARC 2B listing only pertains to airborne, unbound carbon black particles of respirable size. Carbon Black has not been listed as a carcinogen by the National Toxicology Program (NTP) or the Occupational Safety and Health Administration (OSHA). The National Institute of Occupational Safety and Health (NIOSH) criteria document on carbon black recommends that only carbon black with PAH (polynuclear aromatic hydrocarbon) levels greater than 0.1% be considered suspect carcinogens.

#### Additional Health Hazard Information:

Quartz 14808-60-7 This material in its free releasable form may cause respiratory tract irritation. Long-term exposure may cause coughing, chest pain, diminished chest expansion and possibly silicosis, which is a scarring of the lungs.

PolyOne.
